

### **CRC TiME Forum Speaker Biography – Associate Prof. Peter Dahlhaus**

Peter Dahlhaus is Principal Research Fellow at the Centre for eResearch and Digital Information (CeRDI) at Federation University Australia (Ballarat campus). Peter's career spans 40 years in engineering geology, environmental geology and hydrogeology, working in private and public sectors. With his colleagues at CeRDI, Peter's current research focuses on spatial data interoperability and visualisation to ensure that environmental data, information and knowledge are globally available. He is an active collaborator on the development of international data exchange standards and is passionate about establishing data democracies.
